

## Maths

In Maths we will be learning all about addition, subtraction, practicing counting and exploring the value of money. We will use this new learning to explore different mathematical strategies

## Puffin

### Terrific Transport

## English

We will be looking at non fiction texts such as biographies and identifying what makes a non fiction text. We will then explore our story telling skills by looking at a fiction text called 'Journey' by Aaron Becker. Lastly we will be examining snow poetry and designing our own diamanté poems using the skills we have developed.

## Discovery

We are learning about transport this term and how it has changed over the years, including travelling to space.

## Science

We will be learning about different materials this term and exploring the uses and purposes.

## Computing

We will learning about instructions and creating maps and routes.

## RE

We will be exploring the Nativity and practicing for our Christmas play.

## D&T

We will be looking at wheels and axels to design and create our own toy car.

## Music

We will be listening and creating rhythms to create a piece of music related to Mars.

## PSHE

We will learn about our bodies and what we need in order to be happy and healthy.

## Maths

1. Play monopoly or a banker game to explore using money.
2. Design your own addition and subtraction game to play with a family member.
3. On a walk or in the car count how many red cars, blue cars, yellow cars you see. Practice writing the answers down.

## Homework

### Terrific Transport

## English

1. Find out some information about Florence Nightingale and create a biography (poster) to show the information you have found.
2. Design a daily schedule/ timetable to remind you what to do everyday to stay happy and healthy (brush your teeth, wash your hands with water and soap)
3. Write your own story with pictures about an adventure with your favourite toy.

## Topic

1. Design your own transport and make using recyclable materials.
2. Design and write a set of clear instructions to move a family member around a room.
3. Create a recycling diary about what things your house has recycled over a week and how it needs to be recycled (cans in metal, newspaper in paper recycling bin etc.)
