

Maths

We will be looking at telling the time and working out durations. Various calculations and fractions as decimals. Working out problems related to money.

Shapes - including triangles, angles and symmetry. Coordinates including plotting and translating on a grid. Statistics - reading tables, graphs and making our own graphs.

Swift

Tudors

English

We will write an explanation text, thinking about the layout, content and technical vocabulary.

Using some of the work of Shakespeare we will look at descriptive writing too.

Discovery

We will focus on History this half term by looking at the War of the Roses, Henry VIII and his wives as well as the differences between rich and poor Tudors.

Science

Our science will focus on plants this term; parts of a plant, life-cycles and looking at plant growth.

Computing

We will be looking at coding - how to create algorithms and debugging.

RE

We will look at the diversity of belief within Christianity.

Art / D&T

As well as creating Tudor roses, we will look at portraits of Henry VIII and the importance of weaving.

Music

Of course we have to look at the Tudor classic of Greensleeves with Miss Swain.

PSHE

We will be looking at how diverse Britain is and what it means to be a British citizen.

Maths

1. Can you find out what The Tudors used for money? Write down five facts. Can you create any word problems?
2. Can you work out what fraction of Henry VIII's married life did he spend with each of his wives?
3. Can you find out how long each Tudor monarch reigned for? Put them in ascending order.

Homework

Tudors

English

1. Write a short play about The Battle of Bosworth.
2. Write an advert for some of the latest Tudor fashions.
3. Write a letter to King Henry VIII persuading him not to chop off your head for a crime you have been found guilty of.

Topic

1. Learn, practise and perform a Tudor dance or song.
2. Can you design an outfit for both a rich and a poor Tudor?
3. Design or make a Tudor galleon. You can make it out of paper, clay, LEGO or anything that you can find at home.
4. Find a Tudor recipe and have a go at making it yourself.
