Dear parents and carers,

I have always loved the fact that the word 'community' is part of our school name.

Making the school a fantastic community is really central to everything we do. Last week, a great example of this was the fantastically successful samosa sale. So successful, Mrs Sahins had run out of them by the time I got there! I would like to thank the Sahins family for all their work in organising this.

Today, I was pleased to see so many parents attend our Father Day breakfast. In a world where technology gets in the way of face to face communication, it was so good seeing everyone chatting away.

In school it has been a really focussed week of learning. I observed Swift Class learning about the classification of invertebrates. What was wonderful about this, was how Miss Silvester and Mrs Murrell took the children out with magnifiers to investigate the sensory garden. The children were so excited about some of their finds.

Yours sincerely,
Mr Laing

I would like to thank Miss Silvester for her time as a student teacher, and wish her all the best in the future.

We are delighted to share that we have raised £161 from the Samosa Sale and £142.75 from today's Father's Breakfast, which will be added to the Replacement Carpet Fund.

Thank you once again for your generosity and support - every contribution makes a huge difference!

NEXT WEEK

- 22nd: Eagle group 2 Forest School
- 24th: KS2 Athletics at Carver Barracks
- 25th: Fun Transition day at school
- 26th: New School Intake visit and lunch

Next week's lunch menu is "Week 1."

Topics this term:
Robins - Weather
Puffin - Brazil
Swift - Classifying Animals
Eagle - Mayans
